---

When you download and install this app, you can convert your video files into audio files.. All you need to do is tap the “Start Converting” button, choose where you want to store the new Mp3, and wait a few seconds.

Once your Mp3 file is ready, you can share it with your friends You can also use the trim feature to cut out and save your favorite parts.. You can even use these clips to create new ringtones for your phone You should be aware that the Video to Mp3 Converter can't directly create an audio file from a YouTube video..
